

REDEFINING THE CUSTOMER ONBOARDING EXPERIENCE.

Project Titan: Global Kickoff

THE GOAL

Why We Are Here

Our current onboarding friction causes a 30% drop-off rate. Project Titan will rebuild this flow from scratch to be frictionless and intuitive.

PROJECT SCOPE

Scope and Deliverables

New web and mobile UI. Automated document verification integration.

Personalized user dashboards. Goal: Reduce onboarding time to under 3 minutes.

THE TEAMS

Roles & Responsibilities

Product: Sarah B. | Engineering: Marcus T. | Design: Elena V. | Marketing:
David C. Let's maintain cross-silo transparency.

TIMELINE

The Roadmap

Month 1: Discovery & User Testing. Month 2: Prototyping & Backend architecture. Month 3: Development Sprints. Month 4: Beta Launch & QA.
